

MOORE REEF FULL DAY TOUR

SUMMARY

Be immersed in the marvels of Moore Reef with Sunlover's Great Barrier Reef day trip. With a wide range of inclusive activities and exclusive access to Sunlover's custom-designed outer reef pontoon, visitors of all ages and skill levels can explore and delight in the wonders of this extraordinary natural wonder. Moore Reef offers crystal-clear waters, vibrant coral gardens, abundant marine life, and friendly resident turtles and Maori wrasse, creating the ultimate destination to experience the magnificence of the outer reef. There is a range of ways to enjoy the reef, whether snorkelling in the natural lagoon or stay dry in the semi-submersible and glass bottom boat tours. Explore the fascinating underwater world at the underwater observatory. Younger guests can enjoy fun-filled moments in our enclosed ocean pool or experience the thrill of swirling down Sunlover's 30-metre spiral waterslide into the tropical ocean. A trained lookout is always on watch from an elevated lifeguard station, and there's easy entry to the water from two snorkel platforms, both of which are accessible by stairs. For those who want even more adventure, add to the experience with a guided-snorkel tour, Seawalker helmet dive, introductory and certified SCUBA dives or take to the sky for a scenic helicopter flight.
